Summary

As a passionate front-end developer with two year of experience in Web development, I specialize in HTML, CSS, JavaScript, TypeScript, React.js, Redux, Redux-Saga, C#, and Node.js. With a deep understanding of the latest web development trends and techniques, I am committed to delivering high-quality, user-friendly web solutions that exceed expectations.

I am fourth year student at Westminster International University in Tashkent majoring in Business Information Systems.

I believe that constant learning and self-improvement are the keys to success in this field. I always strive to stay up-to-date with the latest technologies and tools, and I am constantly looking for new ways to improve my skills and knowledge.

If you're looking for a skilled and motivated front-end developer who can deliver outstanding results, then look no further.
